

PSE – Consultoria e Engenharia de Sistemas is a young company which combines dynamism and experience. Its main goal is to meet the specific needs of its clients by anticipating problems and presenting resourceful solutions.

PSE is an engineering company which gathers a multidisciplinary team of highly qualified collaborators. This group's success arises, mostly, from an outstanding interpersonal relationship amongst team members and from the harmony between individual expectations and company's values.

This company builds on our collaborators technical expertise and experience in diversified areas, such as Industrial Maintenance, Automation, Custom Software and GxP Computerized System Validation (21 CFR part 11, GMP).
